Teach Young People Entrepreneurship is designed to support secondary school students acquire relevant entrepreneurship skills towards enterprise management and economic self-sufficiency.

## PROBLEM

- Nigeria rates high in unemployment among other developing nations with a recent spike of 23.10%; a major population of the unemployed are the youths.
- Young people continue to suffer neglect as they rate 13.41% of the unemployed in Nigeria; this makes them a major population of those who cannot afford education and a good standard of living.

## SOLUTION:

- To curb the root of unemployment more youths need to be empowered, by supporting them through capacity building programs in their bid to develop employable, and enterprise management skills.
- An initiative that educates young people on entrepreneurship, so they can develop avid interest in owning their own business at an early age, also employing youths like themselves, thereby improving their livelihood and others.

## OUTCOME

- 2000 low income students are informed and understand the practical principles and advantages of entrepreneurship.
- Improvement in secondary education due to the added value of extra classes on entrepreneurship in their curriculum.

## SUSTAINABILITY:

Empowered students form a network of educated and skilled entrepreneurs who can train other students and create cell groups of youths running different enterprise niches along their targeted business value chain.

### PROJECT MODEL:

#### KNOWLEDGE RESOURCE

Training Modules are developed and materials prepared for entrepreneurship classes.

#### DEPLOYMENT

Youth corp members are grouped and deployed to rural and peri-urban secondary schools. Monthly or bimonthly entrepreneurship training classes for 1000 students.

#### GROUPING

Cell groups of different enterprise models are formed and monitored

### IMPACT

#### ECONOMIC – PROSPERITY

More youths can earn for themselves, improving their income status and afford advanced education.

#### SOCIAL – PEOPLE

Less youths dive into immoral vices, becoming responsible and value adding citizens.

#### ENVIRONMENTAL – PLANET

More youth led community development programs solving issues using different business models.

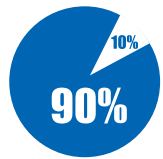

### SUPPORT

#15,000 will train a student on enterprise management skills; building a young entrepreneur.

#40,000 aids a start up fund for one low-income student on a business enterprise

We strive to ensure that 10% is used on administrative costs and 90% for our programs.
